

2025 Editorial Calendar

	R&D	QA/QC	Regulatory Compliance	Scale-up / Manufacturing	Market Outlook / Future Innovations	Tradeshows / Conferences
Jan/Feb/March <i>Print Issue</i> Ad Closing: 1/22/2025 <i>Artwork Due: 1/24/2025</i>	CRISPR/CAR-T Gene Editing Non-Viral Therapeutic Gene Delivery Designing and Managing Clinical Trials	Rapid Microbial Methods Endotoxin Testing Analytical Technologies (Flow Cytometry, Droplet Digital PCR, Single-Cell Transcriptomics)	International Harmonization	Bioreactors and Cell Culture System (Adherent and Suspension) Viral Vector Purification	Emerging Markets/Global Access	Advanced Therapies Week 2025 (Jan 20-23) Cell & Gene Therapy Manufacturing Summit 2025 (Feb 12-13) 3rd Viral Vector Process Dev. & Manufacturing Summit (Feb. 19-21) Advanced Therapies Congress 2025 (March 18-19)
April/May/June <i>Digital Issue</i> Ad Closing: 3/26/2025 <i>Artwork Due: 3/28/2025</i>	Stem Cells Viral Vector Design Combination Therapies	Contamination Control/ Environmental Monitoring Imaging and Microscopy (Live Cell Imaging, High-Content Imaging)	Expedited Regulatory Pathways	Cell Processing and Separation/Purification CAR T-Cell Manufacturing	Supply Chain Management and Logistics for Personalized Medicines	Cell & Gene Meeting on the Mediterranean (Apr 15-17) Global Congress on Cell and Gene Therapy (Apr 24-25) ISGCT 2025 (May 7-10) ASGCT 28th Annual Meeting (May 13-17)
Jul/Aug/Sept <i>Print Issue</i> Ad Closing: 7/9/2025 <i>Artwork Due: 7/11/2025</i>	Cell Culture Immunological Responses and Immune Targeting Data Collection/Management/ Analysis	Sterility Testing/Sterility Assurance Genetic Analysis (Karyotyping, Next-Generation Sequencing)	Manufacturing and Quality Challenges	Gene Delivery and Editing Viral Vector Process Optimization	Next-Generation Gene Editing Tools Beyond CRISPR	Global Cell and Gene Therapy Summit 2025 (Jul 7-9) Biotech Week Boston (Sep 15-18) Cell & Gene Therapy International (Sep 15-18)
Oct/Nov/Dec <i>Digital Issue</i> Ad Closing: 11/19/2025 <i>Artwork Due: 11/21/2025</i>	Regulatory Updates Decentralized Clinical Trials	Cell Source Characterization Process Analytical Technologies (Automated Cell Counters, Bioreactor Monitoring Systems)	Streamlining Clinical Development	Closed Processing Systems Data Management and Control Cryopreservation	Ethical Considerations/ Patient Perspectives	Meeting on the Mesa (Oct 6-8) CPHI Worldwide (Oct 28-30)
